THE ACADEMY AWARDS OF ANNUAL REPORTS

2023 CALL FOR ENTRIES

THE WORLD OF ARC

Across 6 continents, 90 countries competing, 15 languages submitted, spanning 24 time zones, we all share the same mission: to celebrate the creativity of the annual report in all its forms.

Whether with words, photos, design, illustrations, numbers, videos, animation and interactivity, the annual report tells a story. And that story must be rooted in facts, honesty, and transparency. The task of the annual report creator is formidable. It is to these professionals that the ARC Awards pledges to give honor, praise and recognition.

Since our founding in 1987, the world has changed considerably. What hasn't changed is our consistent effort to retain your trust. The ARC Awards is a clear-eyed, non-compromising, impartial annual report competition. We are not owned by any agency, organization, or trade publication. We are not obligated to dole out big awards to partners or sponsors. Our aim is lofty: to bring you a competition that is fair and honest, with judges from around the world who are peers in the profession.

After 37 years, there is still no more prestigious or respected award in the annual report industry. An ARC Award is globally considered the highest distinction attainable. To achieve this international accolade is a testament to your team's fierce dedication to creativity and quality.

We wish you and your clients world-wide acclaim in the 2023 ARC Awards!

Kudos!

JUDGING PROCEDURES

Criteria for Judging

Entrants from agencies, companies and non-profit groups, whether large or small, have an equal chance at winning. Budgets are disregarded – ensuring balance. Awards are given for overall performance – in other words, how well the annual report tells the company's story this year.

Some of the elements to be considered in the judging of the annual reports include: cover design, chairman's letter, interior design, clarity of written text, photography, presentation of corporate information, expression of financial data, and how well the spirit of the organization is communicated.

Judging Process

The ARC Awards are conducted as a "blind" judging. (Nominating agency names are withheld from the judges.)

Each entry is evaluated three separate times during the preliminary rounds. The three sets of scores are then averaged into a single score for the individual entry. A certain minimum score must be achieved to qualify for an award. Only one Gold, Silver, Bronze and Honors Award will be given in each classification; however, if no entry scores high enough, no award will be given.

The Judges

Judges come from around the globe to participate on the ARC jury panels. Preliminary judging is carried out independently by panels of judges representing leaders in the fields of investor relations, writing, design and photography. Final judging is made by presidents, CEOs and other senior executives of corporations, agencies, and design firms.

The Winners

Annual reports scoring in the top 30 percent will be awarded Honors, Bronze, Silver and Gold certificates of outstanding achievement. All Gold Award winners become candidates for the Best of Category – Grand Awards. An ARC Awards plaque will be presented to each of the Grand Awards winners. The Best of Show trophy will be presented to the one top annual report that best exemplifies the spirit of the ARC Awards.

Important – Award Certificates

Should your entry win an award, your certificate will be personalized in the following format:

Nominating Company
CLIENT COMPANY
"Title of Annual Report"
Category

If you would prefer any variation to the official format, you must let us know in writing on the entry form.

Judges

The distinguished panel of judges recognizes the art of communications in a global economy and the science of new technologies that enable the worldwide exchange of ideas and information. Members of the judging faculty will evaluate the entries based on the standards of international excellence through the measures of creativity and craft.
